AI Technology major seeking to use coding experience as a Web Developer. I am a quick learner, and my experience makes me a perfect fit for this position. I expect to graduate from Cyber University in March 2023, with a BS in Computer Science. I have experience working in the IT industry, and am skilled in coding and designing.

WORK EXPERIENCE

Web Developer

Social Information Service (SSRI) – Tokyo, Japan

July 2022 – October 2022

- Produce fully functional programs, writing clean, testable code
- Design user interfaces and web layout using HTML/CSS, SSRI widgets and JavaScript
- Develop Medical surveys and tests
- Collaborate with internal teams to identify system requirements

Map Alignment | Transit Team

Cognizant (Google) – Tokyo, Japan

April 2019 – July 2020

- Define map location accurately
- Provide data and information for user needs
- Provide handicapped accessibility priority routes
- Fieldwork to confirm the accuracy of transit routes and times

Software Tester | Navigation Team

Good Works – Tokyo, Japan

January 2018 – March 2019

- Trained for 1 month in Java
- Execute all levels of testing
- Provide documentation for changes
- Collaborate closely with other team memebers and departments
